VERSASYSTEM™ - Stack. Hang. Organize.

TOWSON, MD (July 10, 2019) – Starting today, CRAFTSMAN® fans can enter for a chance to win a dream garage makeover in the CRAFTSMAN® VERSASYSTEM™ Garage Makeover Sweepstakes. One winner will become the proud new owner of a full range of storage solutions, including VERSASTACK™ stacking towers, VERSATRACK™ trackwall, metal tool storage, a variety of tools, equipment, and more.

Announced at the 2018 CRAFTSMAN Influencer Event, VERSASYSTEM™ continues to expand, providing a wide range of storage solutions to help users stay organized. For organization on-the-go, **VERSASTACK™** provides portable stacking tool boxes and organizers. The [VERSASTACK™ System Tower](#) (CMST60403) is the core of this line of storage solutions and can be built upon to expand tool storage capacity. The System Tower offers 3 essential products including a bottom rolling unit for large tools and items, a middle suitcase for power tools and hand tools, and an organizer with removable cups for small parts on top. All 3 units connect to each other through side latches for secure maneuverability.

For garage and shop wall hanging, **VERSATRACK™** gets tools off the floor and out of the way until they're needed to get the job done. The [20 PC. VERSATRACK™ Starter Kit](#) (CMST22000), the rails mount to drywall, studs or masonry and can hold up to 75 lb. per linear foot. When combined with CRAFTSMAN® hooks and accessories, they latch to the rails to prevent them from falling off when you remove your stored item.

Finally for stationary storage and organization, CRAFTSMAN metal tool chests, toolboxes, cabinets, workbenches, and bins provide space to store tools, equipment, and accessories all in the right place. Proudly made in the USA with global materials in Sedalia, Missouri, the [3000 Series 54-in. Wide 8 Drawer Rolling Tool Cabinet](#) (CMST25480RB) utilizes an all steel I-Frame Double Wall Construction. Each drawer can support 120 lbs. and features heavy-duty, soft-close drawer slides that gently pull themselves shut without slamming. Pride in a job well done starts with taking pride in the tools used and a clean and organized workspace. That's why nearly every CRAFTSMAN tool and storage solution doesn't just work well, it works well together.
