

CRAFTSMAN® V20* Cordless System, Now Available

The Power To Do It All™ - Build, Repair, Restore, Maintain

TOWSON, MD (September 16, 2019) – The [CRAFTSMAN® V20* Cordless System](#) expands in 2019 with newly available and newly launched cordless power tools and cordless outdoor equipment that use compatible batteries. The V20* System from CRAFTSMAN has the power to do it all; build, repair, restore, and maintain.

First announced in August 2018 at the CRAFTSMAN launch event in Baltimore, the V20* System encompasses a wide range of powerful tools. The system is designed to go wherever the work is; in the yard, in the garage, or on the job. Powered by premium batteries that work across all V20* power tools and outdoor equipment, the system is optimized for the professional who demands power and performance. Each battery in the V20* system comes with a state-of-charge indicator and all V20* tools are VersaTrack compatible (hook sold separately). Just recently debuted are the V20* Cordless Wet Tile Saw (CMCS4000) and V20* Cordless Jobsite Fan (CMCE001).

- The new [V20* Cordless Wet Tile Saw](#) provides professional cutting via an extra-large, 17-inch cut capacity. Water fill lines inside the Tile Saw's tub help to provide excellent water containment in indoor or outdoor use. A roll cage handle makes the Tile Saw easy to carry and maneuver, while an innovative sliding cart provides accurate and easy cutting. The V20* Cordless Wet Tile Saw will come kitted with one 4.0Ah battery and charger for \$299 MSRP (CMCS4000M1).
- The new [V20* Cordless Jobsite Fan](#) is a versatile option on the job or in the garage. With AC/DC power, it runs on V20* batteries or it can be plugged into a wall outlet. The Fan offers 3-speeds and runs for up to 8 hours on high setting with CMCB204 4Ah battery (sold separately). It features a 240° pivoting head to properly direct airflow. The V20* Cordless Jobsite Fan will come without a battery for \$59 MSRP (CMCE001B).

CRAFTSMAN V20* products launched in 2018 cover a wide range of power tool and landscaping applications. These include the V20* Cordless Brushless Hammer Drill, V20* Cordless Brushless 1/4 In. Impact Driver, V20* Cordless 18Ga Finish Nailer, V20* Cordless 7-1/4 In. Sliding Miter Saw, V20* Cordless Inflator, V20* Cordless Bluetooth Speaker, V20* Cordless Circular Saw, V20* Cordless Brushless Axial Blower, V20* Cordless Compact 12-In. Chainsaw Lopper, V20* Cordless 13-In. Brushless Weedwacker® and more.

CRAFTSMAN will continue to expand the V20* Cordless System with additional products to be announced through the remainder of 2019 and beyond. Designed to offer professional performance, a comprehensive list of current CRAFTSMAN V20* power tools and outdoor equipment can be found at the [CRAFTSMAN website](#).

*Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.

###

About CRAFTSMAN:

CRAFTSMAN is an American icon that homeowners, home builders, auto enthusiasts and master mechanics have trusted since 1927 – and today's CRAFTSMAN continues that legacy. With a focus on reliable, high-performance tools, storage and equipment, CRAFTSMAN has revived its long-established pride in superior quality.
