CRAFTSMAN® Expands Brushless Tool and Battery Offerings

Performance allows users to Do More.™**

TOWSON, MD (April 16, 2020) - Part of an already robust line of brushless tools, new brushless tools from CRAFTSMAN® deliver performance, runtime and efficiency. Five new tools make up the brushless expansion. These new tools will launch in the summer and include the V20* Brushless 1/2-In. Mid-Torque Impact Wrench, V20* Brushless 7-1/4-In. Circular Saw, V20* Brushless Two-Speed Reciprocating Saw, V20* Brushless 4-1/2-In. Small Angle Grinder, and V20* Brushless SDS+ Cordless Rotary Hammer. With these tools and batteries, users build more than just a job, they build a reputation.

- **V20* Brushless 1/2-In. Mid-Torque Impact Wrench (CMCF920)** – The impact wrench offers an efficient brushless motor for up to 26% more runtime when fastening 3/8 x 3-in. lag screws into pressure treated 4 x 4-in. with a 4.0 Ah battery versus the V20* 1/2-In. Drive Cordless Impact Wrench (CMCF900), using a 4.0 Ah battery. The new impact wrench achieves up to 275 ft-lbs of max fastening torque. It features a hog ring anvil for easy socket changes, a variable speed trigger, 2-mode settings, and an LED work light for added visibility.
- **V20* Brushless 7-1/4" Circular Saw (CMCS550)**– The circular saw's efficient brushless motor provides up to 75% more power compared to the CRAFTSMAN V20* Cordless 6-1/2" Circular Saw (CMCS500M1), using CMCB204 battery. It features an LED light that helps to illuminate the cutting line and work surface and has a maximum bevel of 56 degrees with positive stops at 22.5 and 45 degrees. It also offers an upper metal guard and aluminum shoe for durability.
- **V20* Brushless Two-Speed Reciprocating Saw (CMCS350)**– The reciprocating saw's brushless motor provides up to 75% more power compared to CRAFTSMAN V20* Cordless Reciprocating Saw (CMCS300), using CMCB204 battery. It features a variable 2-speed trigger achieving a no load speed of 0-2,300 RPM in low and 0-3,200 RPM in high. It includes a reinforced pivoting shoe for control, tool-free blade release for fast and convenient blade change, an LED light to help illuminate work surface, as well as rubberized handle grips.
- **V20* Brushless 4-1/2-In. Small Angle Grinder (CMCG450)** – The small angle grinder features a brushless motor that achieves a no load speed of up to 8,500 RPM and provides up to 65% more power compared to CRAFTSMAN V20* Cordless 4-1/2-In. Small Angle Grinder (CMCG400), using CMCB204 battery. It features a paddle switch, a tool-free guard, and a 3-position side handle that provide versatility, comfort and ease of use.
- **V20* Brushless SDS+ Rotary Hammer (CMCH233)** – The rotary hammer features a brushless motor that provides runtime and efficiency. Its durable mechanism helps deliver 2.0 joules of impact energy, according to EPTA-Procedure 05/2010. Its lightweight and balanced design delivers up to 5500 BPM to hammer through tough materials.

In addition to these five new tools, CRAFTSMAN will introduce the V20* 6.0Ah Lithium Ion Battery which provides up to 4.5x the capacity versus CRAFSTMAN standard V20* Lithium Ion Battery***. CRAFTSMAN will also introduce the V20* 9.0Ah Lithium Ion Battery which provides up to 6x the capacity versus CRAFTSMAN standard V20* Lithium Ion Battery***. These batteries are compatible with all CRAFTSMAN V20* tools and equipment. Each CRAFTSMAN V20* battery is equipped with a 3-LED state-of-charge indicator for immediate battery charge status. These are all part of the V20* System from CRAFTSMAN® which has The Power To Do It All - Build. Repair. Restore. Maintain.™ With this wide range of new brushless options, users can achieve a variety of applications allowing them to Do More.**™

Description	SKU	MSRP
V20* Brushless 1/2-In. Mid Torque Impact Wrench	CMCF920B	$ 159.00
V20* Brushless 7-1/4-In. Circular Saw	CMCS550B	$ 129.00
V20* Brushless Two-Speed Reciprocating Saw	CMCS350B	$ 129.00
V20* Brushless 4-1/2-In. Small Angle Grinder	CMCG450B	$ 129.00
V20* Brushless SDS+ Rotary Hammerdrill	CMCH233B	$ 159.00
V20* 6.0Ah Battery	CMCB206	$ 129.00
V20* 9.0Ah Battery	CMCB209	$ 149.00
V20* Dual Port Charger	CMCB124	$ 99.00

*Maximum initial battery voltage (measured without a workload) is 20 volts. Nominal voltage is 18.
**Compared to competitive products with brushed motors, performance based on UWO power, max torque or SCFM.
***Versus CRAFTSMAN V20* CMCB201 (1.3 Ah) Lithium Ion Battery (included in kits only).

About CRAFTSMAN:
CRAFTSMAN is an American icon that homeowners, home builders, auto enthusiasts and master mechanics have trusted since 1927 – and today's CRAFTSMAN continues that legacy. With a focus on reliable, high-performance tools, storage and equipment, CRAFTSMAN has revived its long-established pride in superior quality. Now it's easier than ever to get the tools trusted for generations at more places than ever. For more information visit www.craftsman.com or follow CRAFTSMAN on Facebook, Instagram and Twitter.
