"Innovation is the cornerstone of product development across all Stanley Black & Decker brands," said Jaime Ramirez, Executive Vice President & President of Global Tools & Storage for Stanley Black & Decker. "To deliver on our mission of empowering those who make the world, we are unwavering in our promise to provide the tools, technology, and resources professionals in the industry need to get the job done."

One of the most notable wins is the CRAFTSMAN Welded Metal Storage Suite. Proudly Made in the USA with global components, CRAFTSMAN Welded Metal Storage Suites ship with limited assembly required. The line consists of five configurations that can be mixed and matched to meet individual needs and feature keyed internal locking mechanisms to safeguard tools. The suite is constructed with heavy-duty steel and carries a 10-year warranty.

"Our brands are continuing to push the industry forward through groundbreaking new features that improve the user experience," said Tabata Gomez, Chief Marketing Officer of Global Tools & Storage for Stanley Black & Decker. "We are committed to providing products that directly contribute to our customers' productivity and overall performance."
